Summary of Qualifications

- Recent Software Development graduate from Keyin College, eligible to work full-time in Newfoundland and Labrador, with over one year of professional full-stack development experience building web applications, APIs, database-driven workflows, and deployed application features.
- Skilled in React, Next.js, TypeScript, JavaScript, Node.js, SQL, RESTful APIs, troubleshooting frontend and production issues, technical documentation, analytics and event tracking, and collaborating with developers and stakeholders in Agile teams.
- AWS Certified Cloud Practitioner with experience supporting production-ready software; interested in contributing to healthcare software and learning clinical software workflows and device-support tooling in a collaborative team environment.

Work Experience

Software Developer Intern

Feb 2026 - June 2026

Expertise Hub, St. John's, NL, Canada

- Troubleshot frontend issues, improved usability, and contributed to testing, documentation, and maintainable production-ready code.
- Built reusable frontend components and integrated user-facing workflows with backend APIs to support dynamic application features.
- Collaborated with developers, designers, and stakeholders through Agile sprint planning, standups, feature discussions, and pull request reviews.
- Developed responsive web application features using React, Next.js, TypeScript, HTML, and CSS within a modern full-stack development environment.

Junior Software Developer Intern

Apr 2025 - Mar 2026

Vifta Technology Limited, St. John's, NL, Canada

- Reviewed intern pull requests, supported production issue fixes, and collaborated with cross-functional team members to improve reliability and code quality.
- Integrated PostHog analytics to capture user events and provide product insights for behavioural analysis and roadmap decisions.
- Built and maintained full-stack web application features using Next.js, TypeScript, Material UI, Node.js, and MongoDB.
- Developed backend functionality, including file upload processing and dynamic email template workflows to support automated content generation.

Skills

-
- **Languages:** JavaScript, TypeScript, Python, SQL
 - **Frontend:** React, Next.js, HTML, CSS, TailwindCSS, Material UI, Responsive Design
 - **Backend:** Node.js, Express.js, RESTful APIs, JWT Authentication, Flask
 - **Databases:** PostgreSQL, MySQL, MongoDB
 - **Tools and Platforms:** Git, GitHub, Postman, Jira, PostHog Event Tracking, Technical Documentation, Troubleshooting, GitHub Pull Requests
 - **Cloud and Deployment:** AWS, Netlify, Vercel, GitHub Actions

- **Software Development Practices:** Agile Scrum, Unit Testing, API Design, Code Reviews, Version Control, Collaborative Software Development
- **AI-assisted Development:** ChatGPT, GitHub Copilot, Cursor, AI-Assisted Development

Projects

Joborg Job Link Tracker and Automated Monitoring Platform	Jun 2026 - Present
• Building and deploying a full-stack SaaS-style job tracking platform with scheduled content monitoring, tracker records, automated email notification logic, URL validation, PostgreSQL database workflows, and a functional Node.js backend; frontend development is in progress using Next.js.	
InstaloanX Loan Management Application	Mar 2025
• Built a full-stack loan management application using React, Express.js, and MySQL, with JWT authentication, role-based access control, RESTful API integration, responsive UI screens, and environment-based deployment on Netlify.	

Education

Diploma in Software Development Keyin College, St. John's, Canada	Jan 2025 - Apr 2026
Software Development Bootcamp Brainstation, Toronto, Canada	Jan 2025 - Mar 2025
Certificate in Software Engineering ALX Africa, Remote	Mar 2023 - Aug 2024
B.Tech. in Applied Geology Federal University of Technology, Akure, Nigeria	Sept 2011 - Sept 2016

Volunteer Experience

Mentor and Instructor Coordinator TechNest Community, St. John's, Newfoundland, Canada	Apr 2026 - To date
• Conduct interviews with prospective students and assess their suitability for the program. • Coordinate instructors and mentors to support smooth program delivery. • Lead information sessions for mentors to explain program expectations, structure, and next steps. • Serve as a point of contact for mentors, students, and instructors, helping resolve challenges and escalating issues when necessary.	

Certifications

-
- AWS Certified Cloud Practitioner: Amazon Web Services, Sept. 2025
 - ICTC Work Integrated Learning: WIL Cloud Computing, Aug 2025
